1. Dr. Ing. Dobrack, former member of the Institut für Technische Akademie der Luftwaffe, has been deported to the U.S.S.R. and is allegedly located in a castle fifteen km east of Moscow. Living with him is a certain Kurtowski, a former A.E.G. technician and shortwave specialist. Dobrack is well treated and expects to remain in the U.S.S.R. for at least five years.
2. Dr. Kerschbaum, former director of the Siemens Tube Works and a specialist in ceramic tubes, who was deported with Dr. von Buhl in the summer of 1945, is building a tube factory near Moscow, together with a group from the Telefunken laboratories. Kerschbaum is believed to have won a Stalin prize.

This document contains information affecting the national defense of the United States within the meaning of the Espionage Act, 50, U.S.C. 31 and 32 as amended. Its transmission or the revelation of its contents in any manner to an unauthorized person is prohibited by law.
